

Sermon Notes
September 8, 2024
Summer Series: Titus
“Position To Produce”

Week 1:

We are called to know our **role**, and **purpose** to help bring about a **greater** experience of God’s **grace** and **peace** within the **local** body of believers.

Week 2:

As believers, we should each **strive** for the **qualifications** of an elder, even though we may **never** hold that **position**.

Week 3:

Scripture Focus: **Titus** 2:1-15

v.1-10

Paul addresses **five** groups and reveals **overlap** in what they should be **producing**.

The **qualities** that should be produced in a believer’s life has **less** to do about their **role**, and more to do with the **Holy Spirit’s fruit**.

Scripture Reference: **Galatians** 5:22-23

v. 11-15

We can only **produce** these **qualities/fruit** because of **Jesus’** work on our behalf which **empowers** us to do so.

God **desires** us to know that **whatever** our **role**, we are to **produce** and **display** his **goodness**.

Challenge:

Re-read the qualities of fruit from the five groups. Whichever group mentions you, seek the Lord to display those qualities this week.
